25X1A 4. That further effort should be made to render living conditions at FBIS [redacted] more sanitary for as long a period as the operation there is continued; but that any attempt to move the station to [redacted] should await some indication of probable necessity to maintain a station in the [redacted] permanently.

25X1A 5. That communications from [redacted] may be improved by bringing the unsatisfactory situation to the personal attention of the Commanding General, AFMIS/PAC.

25X1A 6. That interim Tokyo monitoring should be further developed and expanded, with slight increase in American personnel.

2. FBIS London is delivering to American representatives at the current London conference on Germany and Austria its daily roundups of broadcast material, which include sections devoted to comment upon the conferences.
